

## High Hazels Academy Enrichment Programme 2019-20

At High Hazels Academy, we will do all we can to ensure that students have a happy and successful future and whilst we are proud of the important focus we place on academic excellence, we also believe that children need a breadth of opportunities and experiences in order to become confident, well-rounded and ambitious young adults. We call this Education with Character.

Enrichment activities add value to the curriculum by extending the depth and breadth of understanding in all curriculum areas. Our enrichment calendar provides all of our children with activities that allow them to pursue interests, hobbies and talents as well as a way to stimulate undiscovered areas of interest. We hope that our enrichment activities, enthuse, engage, stretch and challenge our children in a way that prepares them for the next stage of their learning.

Infant
